

CryoLife Announces Release Date and Teleconference Call Details For the Second Quarter 2002 Revenues and Earnings Results

July 11, 2002

ATLANTA, Jul 11, 2002 /PRNewswire-FirstCall via COMTEX/ -- CryoLife, Inc. (NYSE: CRY), a life-science company involved in the development and commercialization of cryopreserved and tissue-engineered implantable heart valves, vascular and orthopedic grafts, and surgical adhesives, announced today that second quarter and first six months revenues and earnings will be released on Tuesday, July 23, 2002.

The Company also announced that following the release of financial results, a teleconference will be held promptly at 11:15 a.m. Eastern Time, July 23, 2002, hosted by Steven G. Anderson, CryoLife President and Chief Executive Officer.

Individuals interested in listening to the live teleconference may do so by calling 973-582-2710 a few minutes prior to 11:15 a.m. on July 23, 2002. No identification number is required. Those interested in listening to a replay of the teleconference may do so by calling (toll free) 877-519-4471 or 973-341-3080. The identification number for the replay is 3382137. The replay will be available July 23 through July 26, 2002.

Founded in 1984, CryoLife, Inc. is the leader in the development and commercialization of implantable living human tissues for use in cardiovascular, vascular and orthopedic surgeries throughout the United States and Canada. The Company's BioGlue(R) surgical adhesive is FDA approved as an adjunct to sutures and staples for use in adult patients in open surgical repair of large vessels and is CE marked in the European Community and approved in Canada and Australia for use in vascular and pulmonary sealing and repair. The Company also manufactures the SynerGraft(R) heart valve, the SynerGraft vascular graft, the world's first tissue-engineered heart valve and vascular replacements, and the CryoLife-O'Brien(R) and CryoLife-Ross(R) stentless porcine heart valves, which are CE marked for distribution within the European Community. The human heart valves and vascular grafts processed by CryoLife using the SynerGraft technology are distributed in the U.S. under the trade names of CryoValve(R)SG and CryoVein(R)SG, respectively.
